DISTRICT RECENCY POLICY: Effective February 16, 2013 District rules have changed regarding the expiration date of your assessment placement results (English, math and ESL). To calculate your assessment expiration date for assessment tests taken after February 16, 2013, go to either the September 15th or February 15th date that follows your test date (whichever comes first) and add two calendar years.

Your assessment results will be valid proof of prerequisites for classes beginning before that expiration date. If the class you want to take begins after the expiration date of your assessment results, then you must retake the assessment test.
